## COC Decides Not to Donate Right-of-Way

State Rd. 80 right-of-way needed for the widening of that road through this city will have to be purchased from the Belle Glade Chamber of Commerce.

In a unanimous vote Tuesday evening the Chamber's board of directors decided it would not donate the right of way for which the DOT is asking. Board members voted to ask the DOT for an offer on the right-of-way involved.

Chamber President Ben Clarke explained that the right-of-way needed would strip the Chamber of its already meager parking area on the west side of the building. He said the building really would not be usable.

In a somewhat related decision the board decided to accept the city's offer of office space in the new city hall complex. It was stated that the city give the board a chance to make suggestions as to the size of the space and its design.

Clarke informed the board he had been cautioned by a number of people about accepting the new office space. He said it was their feeling the city might exert too much control over the Chamber if it owned the building in which the Chamber existed.

But the board decided against sending out questionnaires to the membership at large asking their opinion on the matter.

The board also heard a "very enthusiastic" report from Mrs. Effie Grear on the work being done on historical sites in Belle Glade.

"I am very enthusiastic about this project," said Mrs. Grear. "Even though Belle Glade is a young city it has quite a bit of history."

Mrs. Grear has been asked by the board to head a committee which would look into the possibility of erecting significant historical sites in Belle Glade. Through the beautification committee she has invited several old timers in Belle Glade to come forth and tell their stories.

And who is still looking for more. "I have learned so many interesting things about our city since I took over this project," said Mrs. Grear. "For instance, the first city hall is still standing. It is an old wooden building behind Kentucky Fried Chicken and still has the date 1929 on it."

The board congratulated Mrs. Grear on the fine job she had done so far in her research. It voted to support in anyway it could the committee's work.

Mrs. Grear asked that if anyone in Belle Glade had any knowledge of the early Glades to please contact her.

In other action the board set a tentative date of the second Thursday in September for its annual banquet. The banquet committee was also instructed to see if it could line up Congressman Paul Rogers as the main speaker for the evening.

Board member Bob White discussed with the board his meeting with representatives from Motorola regarding emergency phone systems for State Rd. 80. White reported Motorola had a one-button system for about \$2,000 per unit.

"There is a possibility of federal funding on a project such as this," said White. "But if we applied for federal funding it might hold up the project as long as a year or two."

Clarke said he personally was quite heartened by the talk with the Motorola representatives. He said the cost was way down from discussions held with other companies a year ago.

## Bodies Missing

Belle Glade Police Department divers had still not recovered the bodies of two children Tuesday evening who were drowned Monday in the rim canal at the Belle Glade Marina.

A 16-year-old girl was also drowned Monday within an hour and about a mile from the two children who were lost to sight following an unsuccessful attempt to pull them to shore.

Shirley Brown a sophomore at Glades Central had already been pulled to shore by the South Bay Park by the time Detective Willie Ray Noland of the Sheriff's Office had arrived on the scene.

Miss Brown, daughter of Betty L. Brown of 254 N.W. 12th Ave. in South Bay, was pronounced dead on arrival at Glades General Hospital by Dr. John Grady.

In the meantime, Betty Williams, 16, and Ernest Lee Robles, 14, daughter and son of Mrs. Daisy Mary Robinson of 965 S.W. Ave. D in Belle Glade, were swept ashore where strong currents in the rim canal at the Belle Glade Marina.

Mrs. Robinson attempted to reach the two with first aid and then a piece of bark but to no avail.

## Oh Happy Day!

Graduation time is a hugging time as Kathy Ballard, one of the 36 seniors to be graduated Monday night at Glades Day School's McWhorter Hall. The class was the second to receive its diplomas at the Belle Glade campus and the first class to send its seniors away in the new quarters. Glades Day, near the first of the three local high schools to hold commencement exercises, Glades Day will hold its exercises June 2 and Glades Central will graduate its seniors June 7.

## Utilities Hikes Proposed

Water connections for new customers in Belle Glade could increase 50 per cent and sewer connections could increase more than 200 per cent, along with increased water and sewer fees if the city takes the advice of its consulting engineers.

It isn't just inflation, Briley-Wild and Associates feel the city should begin charging more for water and sewer service to help pay for improvements being made on the two city systems.

While a person looking on to the city water system today would be charged a tap-in fee of \$35 if they already have a connecting line available Briley-Wild feels the city should charge from \$150 to \$200 more than that cost.

They also recommend a tap-in fee of from \$125 to \$175, above costs for new sewer connections although the city is now forbidden by the State Department of Pollution Control to connect anyone to the sewer system.

The city now charges \$75 plus costs.

It is recommended that the Commission, a recent Briley-Wild report goes on, "consider an increase in the minimum from \$2 to \$2.50 for the first two thousand gallons (of water) used."

The recommendation goes on to give graduated prices for increased usage of water.

Briley-Wild engineer A. J. Birchall also recommends the increased tap-in fee be used to pay for capital improvements in the plant.

Birchall also notes the city has no special fund set aside for capital improvements on the sewerage system and suggests sewer tap-in fee be used for that purpose.

Birchall recommended an increase in sewerage rates from \$2.50 per residential unit to \$3.50 per unit.

Birchall said the operating costs at the sewerage treatment plant have risen 250 per cent between 1965 and 1972 and the plant is now allotted a budget 240 per cent lighter in 1973-74 than in 1964-65.

## Slits Wrists Then Shoots Herself Pahokee Woman Commits Suicide

The troubled life of 19-year-old Sherri Lynn Walker Smith of Pahokee came to a grisly end late Tuesday afternoon.

Sherri's Det. Sgt. Ralph McCotter said the young blond apparently slashed her wrists first and then took out a Smith and Wesson revolver and shot herself through the right temple. She was found lying on the floor of the kitchen at her house on 130 North Barfield Highway by her husband Ronnie Smith. Smith had to kick the back door of the house in to gain entrance to the house.

According to McCotter's report, Smith came home at about 5:30 p.m. to find all the doors locked. He tried to get a response from his wife, but failed to do so.

In the presence of Carson Peardon, Smith kicked open the back door to gain entrance. McCotter reported that Smith then apparently became emotional and ran from the house to his father-in-law's where he called the Pahokee Police Department.

His father-in-law, Dr. G. B. Walker is listed in critical condition in the intensive care unit at St. Mary's Hospital in West Palm Beach according to hospital authorities. He has been there since Sunday.

Mrs. Smith, according to McCotter's report, had a history of trying to commit suicide. In June of 1971 she took an overdose of drugs which kept her in the hospital for several months.

More recently in March of this year she took another overdose, according to McCotter, which kept her in the

hospital for nine days.

According to McCotter's report Mrs. Smith first broke open a razor from its plastic container and slit both her wrists over the kitchen sink. She apparently stood over the sink for awhile letting the blood run out.

Then McCotter said she went back to the bedroom, put the razor back where she had gotten it and took the revolver from its box. She then went to the next bedroom, got a bullet and went back to the kitchen.

She apparently knelt on the floor in front of the sink and fired one round into her right temple area. The bullet exited on the left side striking the wall three feet from the floor.

Around the hole in the wall the officer found hair and skull particles. The bullet was not removed from the wall because it would have caused extensive damage.

The Birmingham, Ala. native had been a resident of Pahokee for eight years. She was graduated from Pahokee High School in 1972. She was a member of the Pahokee United Methodist Church.

She is survived by her husband Ronnie, her mother and father, Dr. and Mrs. G. B. Walker and two sisters, Lisa and Wendy, all of Pahokee.

Services will be held today at 3 p.m. at the Pahokee United Methodist Church, the Rev. Ballard Wilson officiating. Burial will be at Forest Hill Cemetery in Birmingham.

Wetherington Funeral Home in Pahokee is in charge of local arrangements.

## ...It Been His Life All Through School He's Retiring From 4H

4H means a lot of things to a lot of people.

To Gary Baker, it means more ribbons, trophies and other assorted prizes than you can shake a stick at after eight years of work.

At 18, Gary is about to graduate from Glades Central High School. He is about to retire from 4H. He has already entered and won his last fair competition and all that remains is to serve out his time as president of the Palm Beach County Council, District 15 representative to the state 4H association and reporter to the state council.

As evidence of his retirement, Gary said this week he has already sold Beauty, a prize Holstein which brought him 12 grand champion trophies.

He said he sold Beauty to Rolling Hills Farms in Archer, a small town west of Gainesville and he has since torn down the fence around the field back of his home where the cow spent the first seven years of her life.

Gary said he restricted his 4H competitive activities during his eight years as a member to dairy cattle.

"I never wanted to raise beef cattle," he said, "because I didn't want to spend all that time on an animal and then kill it or know it would be killed and eaten."

During that eight years of membership, Gary entered more than 45 fairs all over the state and won 113 blue ribbons and 20 grand champion awards, including two open grand championships.

His parents, Dr. and Mrs. Tom Baker, mounted the ribbons on their living room wall and a person has to look before spotting the only four white ribbons in the display.

Gary said the ribbons were won by a total of 22 animals, including Beauty, but he said he doesn't intend to win any more animals in the near future.

As successful as he has been with 4H, Gary said he has been at cattle raising, he said he intends to enter radio school. He is already employed part time by local radio station WSWN and said radio is his only ambition at the present.

well and a person has to look before spotting the only four white ribbons in the display.

Gary said the ribbons were won by a total of 22 animals,

including Beauty, but he said he doesn't intend to win any more animals in the near future.

As successful as he has been with 4H, Gary said he has been at cattle raising, he said he intends to enter radio school.

He is already employed part time by local radio station WSWN and said radio is his only ambition at the present.

GARY BAKER DISPLAYS SOME OF HIS 113 BLUE RIBBONS, TROPHIES ... as he prepares to graduate from high school and the 4H activities together.

## Taxes Aired

Glades residents who believe their property has been given a wrong appraisal by the Palm Beach County Tax Assessor's office will have a chance to speak out next week.

County Assessor David Bold will have the staff members who appraised the property in South Bay at the South Bay City Hall from 10 a.m. to 4 p.m. Tuesday June 4 to hear complaints from people living within the city limits.

The assessors who made the estimates in Belle Glade will be in the Belle Glade City Hall from 9 a.m. to 4:30 p.m. Wednesday and Thursday, June 5 and 6.

Hal Porter, who heads the appeals board, will be at the office where he will accept the appeals. Porter said the appeals have since the past three to four months appealing property in the area.

## Who Could Predict?

Just as we get tired of reading about Washington's Watergate problems, so we are sure you get tired of reading about Belle Glade's sewer problems.

But problems we have. And after a couple months of really getting involved in this problem, we are no closer to an answer than when we started. Yet, sewer poses such a big problem to Belle Glade, an answer must be forthcoming in the very near future.

About two months ago we had already set in type a scathing editorial against the city for its short sightedness in this area. We praised Commissioner William Gear for his strong stand in favor of a new sewer system in the northeast section of town.

He said this is what the pollution control people wanted us to do all along and that we weren't going to satisfy them until we do.

We still think Gear is right. A sewer system is needed in the northeast section of town, and we would love to see the city pursue this goal with the same fervor it is now pursuing plans for a new city hall.

But we no longer feel the city has been as run as we first thought in the area of sewer. To a certain degree it is a victim of circumstances so unbelievable, that if anyone had predicted them 10 years ago he would have been laughed out of town.

For instance, who would have predicted the state would change the way in which it measures whether a sewer plant is effective enough or not? Who would have predicted a two-tiered, ineffective pollution control agency whose left hand didn't know what the right hand was doing?

Who could predict. But all of that is in the past. It is the future—the very existence of our town—that we must place in perspective now.

It is a whole new ball game with a whole new set of rules. And Belle Glade must be able to adapt to these rules, or our growth will be stunted for years to come.

A good start at adapting to these new rules would be to change engineering firms. Why go 200-300 miles away to hire an organization which has not, after over a month, provided the county pollution control agency with the information it said it could produce within three or four days?

Are there not any good engineering firms in Palm Beach County? Wouldn't it be smart and a good economic move as well to have an engineering firm only 45 minutes away and just a hop, skip and a jump from the people they need to please?

Belle Glade is on the verge of unprecedented growth. But it can't grow without sewer. And it is up to the city commission to do everything in its power to not only upgrade the present facility, but to pursue with ardent fervor a new facility in the northeast section of town.

## Nixon Needs Sympathy

I want to speak a word to you and to all other American people as to the lack of human sympathy and moral support given to our President. None of us realize (and few of us even attempt to realize) the enormous burdens laid daily upon the shoulders of our chief executive. Not a day passes but that something of transcendent importance is given him for decision. We do not help him. But when he manages, because he is human, to make any sort of error, we criticize him freely—freely is the right word; if it cost us a cent we wouldn't do it! We criticize him out of the top of our minds where the cloud of ignorance stands, green and bubbly.

Kipling said:

The load beneath the harrow knows exactly where each tooth-point goes.

The butterfly upon the road preaches contentment to that road.

We are all loads and butterflies in this world. And what the useful, perennial burden-bearing load needs from the light-minded shortlived butterflies is not so much flippant advice as genuine sympathy; words of encouragement when we can give them, and kindly silence when we cannot. I thank you, Strickland Gillilan, Baltimore, delivered in Florida, Ill. to the Knights of Columbus the evening of the

day in which President Taft rejected the American reciprocity tariff proposition. Cecil Mallory

"I urge you, the class of '74, to do everything you can to improve the quality of..."

## off the record

with Glenn Laney

As head coach of the losing team I feel it is my responsibility to face the fact squarely and place the blame for our 14-0 defeat exactly where it belongs—on my two assistant coaches, Bill Denny and Dave Campbell.

At no time during the Gold-Maroon football game at Glades Central did either coach pay any attention to my play suggestions. They disregarded 30 years of football savvy gained in the heat of battle in front of the TV set on Saturday and Sunday.

For instance, they wouldn't even consider that old stand-by, the flea flicker. It was open several times during the game, but they chose to ignore that simple suggestion.

Also open was the triple reverse with a man in motion throwing back to the quarterback. But Denny and Campbell stuck doggedly to their conservative brand of football.

I have all of these winning suggestions on tape, however and in the very near future I will make public a transcript of the tapes which will prove my innocence in the 14-0 loss.

On the serious side, Glades Central's annual spring football game was a real eye opener for this honorary head coach. I'm sure there was a method to head coach Al Werneke's madness when he selected Dean and I to head our respective teams.

It is the two of us who do most of the writing about Glades Central's Raiders. We certainly got more acquainted with the personnel that we normally would have had we not had the chance to "coach."

It also gives us an insight into the problems of whipping a high school team into shape to play winning football. Motivating such a diverse group, getting them to work together, is an awesome task. The raw material is there, but raw material means nothing if the 40 or 50 boys on the team do not work as a cohesive unit.

This game was a good case in point. The Gold team threatened three times in the first quarter, but never scored. They made some elementary mistakes and paid for them.

This got them down mentally and the Maroon team took advantage of it, scoring two times quickly just before the end of the half. It was a dispirited, bickering group of young kids who sat down on the grass behind the goal posts to rest while the Jayvees strutted its stuff for one quarter.

Werneke came over and really chewed some tail, though. He told them there were going to be times when they were behind during the

regular season and that they should quit acting as if they had already lost the game.

It is difficult to put a coaches words on paper and make them have the same effect as when they were spoken. Suffice it to say Werneke's often times stinging remarks prodded the Gold into another fine effort in the third quarter.

And while they didn't score, neither did the Maroon. And twice during the last quarter the Gold threatened to score.

An honest appraisal of the game would have to be that the Gold won the battle, but lost the war. The Maroon turned two quick scoring opportunities into 14 points, but except for that spurt showed little offensive punch.

Unfortunately for the Gold, it was enough to win.

Oh well, wait till next year!

\*\*\*\*\*

I have had several comments about my battle with the soap suds last week—most of them not very kind.

The most cutting one was that they had always seen and heard jokes about it, but they never thought anybody in real life was dumb enough to put bubbling soap into an automatic dishwasher, let alone put in the amount I did.

Come on folks, everybody is entitled to at least one mistake.

\*\*\*\*\*

At the Florida Press Convention two weeks ago I talked with Tommy Green, publisher of the Madison County Carrier. For those of you who aren't familiar with Madison County, it's so far north it's almost south Georgia.

Tommy reports that Belle Glade's Dr. John Grady has a large following up in northern Florida. Grady ran an ad asking people to sign a petition to get an "unnamed" American Party candidate on the ticket this November in the U.S. Senate race involving Ed Gurney's seat.

In this ad Grady outlined what he stood for in government. Due to some real crazy Florida election laws Grady couldn't put his name in the ad. However, Green reported he was swamped with replies of people who are fed up with big government and the way it is being run.

Green said if Grady gets on the ballot he should have little trouble carrying the northern part of the state hospital care.

The second piece of mail was a release from Palm Beach Junior College which states the students of Edwin V. Pugh, an instructor of American History After 1865, have nicknamed his class "Impeachment 202".

Pugh said his students, "are welcoming the chance to learn more about the impeachment process, no matter what political viewpoint they hold."

Of course if Burton's survey is valid, Pugh's experience isn't so unlikely, but Pugh throws in a kicker.

Of the 11 impeachment cases brought to trial between the years 1774 and 1836, six men were acquitted, four were removed from office and one, "was not subject to impeachment."

That last one was the most interesting to me. He was, what else?, a U.S. Senator. Seems that senators and representatives don't consider themselves impeachable and since they're the ones who do the impeaching, who can argue with them?

It's like the Florida senator who made the comment a couple of years ago the Government in the Sunshine law doesn't apply to the state legislature.

It's just this attitude and the resulting problem about who will watch the watchers that convince so many people there is corruption in politics.

To paraphrase the Bible "Legislator, purge thy yealt."

## Superior Strategy Slipped Maroon Past Gold

Superior strategy did it again.

Gaseous Glenn couldn't stand the gaff Friday when Man Mountain Dean's massive Maroon Machine mangled his gaggle of Gold diggers 14-0. (Keep that up and I'll make a sports writer yet!)

When Glenn and I were named honorary coaches for Friday night's annual spring scrimmage between the varnish Maroon and Gold football teams, I figured I had him whipped.

And when he began giving advice to Rigo Ruiz, the veteran Raider quarterback who was his major reason for hoping to win, I knew I had him licked.

The guarantee came when he started talking about sending in plays...but what can you expect of anyone who picks the Redskins over the Dolphins? He's a natural born loser.

Glenn and I were getting in digs at each other all week about who was going to wind up on the winning side in the scrimmage and it kept up right until the kickoff.

Just before the game, Glenn and Rigo wanted me to take a picture of them. Rigo was wearing a T-shirt with the wording, "What you see is what you get" and I warned him then that what I was getting was a picture of the losing coach and quarterback.

Don't feel too bad about it, though, Rigo. You just had too big an albatross around your neck.

Like I said last week, I figured the safest and best strategy for me was to get the Maroon Machine to cross the gold line more often in the three quarters of play than they would permit the Gold to cross the goal.

It was up to Assistant Coaches Johnny Davis and Jay Seider to figure

out how to do it. They just combined their tactical experience with a great strategy and that was all she wrote. Done sent Glenn's saddle home!

Course, the running of Alexander Brown, who scored both the touchdowns, and Anthony Moses might have had something to do with it. They both looked great.

There were some other good performances turned in too. Willie Terry came up with some pretty good defensive plays but he almost earned the "Wrong Way Corrigan" award when he intercepted a pass and started pounding hell-for-leather for his own goal while a whole bunch of us on the sideline were yelling, "The other way! Go the other way!"

Coach Davis got a real belly laugh later when Terry told him, "Coach, I could have made a touchdown."

Defensive play made the difference, though, when the Gold team was threatening twice in the last quarter.

Dicky Sweet, who normally plays center, would be named the Star of the Week for dumping Ruis a good 20 yards behind his line of scrimmage. Then Ruis got up and hurt himself by throwing the ball down in frustration and picking up a penalty for unsportsmanlike conduct.

Sweet usually plays a good solid game as center but he showed the other night he could turn in a fine performance at inside linebacker too.

Overall, it looks like the Raiders are going to be another good defensive club. They have three pretty good runners in Alexander Brown, Anthony Moses and Norman Smith, that I noticed in particular, and Ruis' passing looked pretty good.

The two things Ruis needed the

other night, that he didn't have, were good blocking and good receivers. Maybe that will work out.

I'll give Glenn credit for being a good loser, though. As head coach, he promptly accepted the full blame for the defeat...then laid it squarely on the shoulders of his assistant coaches, Billy Denny and Dave Campbell.

He then went home to feed his family pats areatic, except for three kittens, one of which he bludgeoned to death, one of which he strangled and one of which he drowned.

Having quietly vented his hostilities in such a healthy manner, Glenn went on to end the evening by losing a game of Strategy (a game based on professional football).

He will, of course, deny this whole sordid string of sorry behavior but I have photographic evidence.

\*\*\*\*\*

Had a couple of supposedly unrelated pieces of mail come across my desk last week which, taken

together, are pretty interesting.

The first was a letter being mailed by Burton Young, a candidate for the Democratic nomination for election to the U.S. Senate seat now held by Sen. Ed Gurney, to all state senators and representatives.

Burton said a survey he had taken indicated the primary concern of Floridians, so far as politics is concerned, is corruption in government.

Seems that 20.1 per cent of the respondents in his survey of voters in Leon, Duval, Alachua, Pinellas, Broward and Dade Counties listed corruption first, followed by overcrowding of Florida cities, the cost of food and the cost of medical and

hospital care.

The second piece of mail was a release from Palm Beach Junior College which states the students of Edwin V. Pugh, an instructor of American History After 1865, have nicknamed his class "Impeachment 202".

Pugh said his students, "are welcoming the chance to learn more about the impeachment process, no matter what political viewpoint they hold."

Of course if Burton's survey is valid, Pugh's experience isn't so unlikely, but Pugh throws in a kicker.

Of the 11 impeachment cases brought to trial between the years 1774 and 1836, six men were acquitted, four were removed from office and one, "was not subject to impeachment."

That last one was the most interesting to me. He was, what else?, a U.S. Senator. Seems that senators and representatives don't consider themselves impeachable and since they're the ones who do the impeaching, who can argue with them?

It's like the Florida senator who made the comment a couple of years ago the Government in the Sunshine law doesn't apply to the state legislature.

It's just this attitude and the resulting problem about who will watch the watchers that convince so many people there is corruption in politics.

To paraphrase the Bible "Legislator, purge thy yealt."

Belle Glade

by Larry Swaim

"Dear Mr. Swaim, Today everyone seems to view the world as a collection of groups rather than as a world of individuals. People are judged more by their affiliations and classification than by their personal characteristics. Don't you think this is the direction that we're going?"

Senator Howard Baker recently said something that I would like to comment on. He said that we have a heightened conscience today, specifically about distinguishing the individual from the herd. I believe he's right in his observation, and that the more conscious of Persons we become, the better.

It would be well for us to realize that this is the exact attitude with which Jesus dealt with society. Everyone was a person—no one was stereotyped. He spoke to the woman at the well, who was a sinner, quite differently that he did the Pharisees, who were also sinners. He realized that people are individuals, not groups. While he gave his life for the world, he gave it for you and me as individuals. The apostle Paul said, "I no longer live—the life I am living is the life of the Son of God who lives in me. He loved me and gave his life for me." Paul realized a very basic truth—that when he became a Christian, he was totally involved with Christ as a person, redeemed as an individual.

There's a lot that's right with this world, and you need to believe that if you don't. There are a lot of honest, truth-seeking people in all occupations and areas of life who want, as Paul said to the Corinthians, "To provide honest things not only in the sight of the Lord, but also in the sight of men." It's our responsibility to make this our purpose, too.

For a confidential and Biblical answer to your question, write Larry Swaim, 985 Ponce de Leon Avenue, NE, Atlanta, Georgia 30306.

## My New Day

This sunrise is created by Thee, O Lord,  
With the sky all rose and gold,  
Hails a bright new day never lived before,  
A day only one hour old;  
With its golden hours untarnished,  
Tis a treasure-trove for me;  
A day to live and love and serve,  
A gift to return to Thee.

## Karen's Korner

By  
Karen  
Hansford

Looks like Glenn ended up on the losing side this time—footballwise, that is.

In case you haven't heard by now (fat chance of that if you've read Glenn and Dean's column for the past two weeks) Glenn and Dean were named as honorary coaches of the annual Raider Spring football game.

Last week all we heard was how Fearless Leader's Gold team was going to beat Dean's Maroon team to pieces—or vice versa. Friday night was their chance to prove it as they squarred it head on at the football field.

Of course they had to sneak a preview as to what kind of guys they were "coaching" so they went over to the practice field Thursday afternoon to get a look at the players and to talk with their "assistant coaches."

I decided to tag along with them and see if anything interesting happened and maybe get some inside data on the teams.

As soon as I got there, it was easy to tell the Raiders were enthusiastic about the game. They had been divided into two teams and some were already giving cutting remarks to those of the opposite team. The Maroon players were calling the Gold players "Goldiggers." Of course my favorite was when one of the guys on the Maroon team called out to one of the opposing players as he stretched on his toes to catch a pass. "Hey, you remind me of Tiny Tim and that song 'Tiptoe Through the Tulips'!"

Naturally this brought laughs from some of the other guys and even a few chuckles from the coaches.

Well, Friday night came and the contrast in the coaches was evident. Glenn was dressed in some clothes which remind you of the coaches of professional football teams you see on television, with the turtleneck shirts and jackets and Dean came in his everyday work clothes. While Glenn

was trying to mess up quarterback Rigo Ruiz's mind with his so-called trick plays, Dean was calmly loading and reloading his camera as he snapped dozens of pictures.

Apparently Dean had more confidence in his assistant coaches than Glenn, because he let them make all the decisions.

The game progressed into the second quarter with neither team scoring although both teams made some pretty sharp plays. Then the ball started rolling (?!?) as the Maroon team capitalized on the Gold's mistakes and scored two touchdowns. By the end of the first half the score was 14-0, Gold trailing.

The Gold team almost got on the scoreboard when a Maroon player intercepted a pass and started running the wrong way. Suddenly everyone on the Maroon side of the field were jumping up and down and yelling "You're going the wrong way! The other way!" He finally realized it and headed back the other way but not for long as the opposing players zeroed in on him and brought him down. But if he had kept on in the direction he started in, it would have been clear sailing all the way.

The game ended with Dean on the winning side and poor old Glenn was left to make the excuses for his team. Of course he took the blame fully and then laid it squarely on his assistant coaches, claiming they wouldn't use the plays he wanted them to.

Come on now Glenn, everyone knows a GOOD head coach has the first say so as to what type of plays to use.

Raiders League from Glades Central and the Saturday morning Triangle Junior League will hold a joint picnic in Rardin Park this Saturday.

Besides lots of good food for the bowlers, their trophies will be passed out—always a highlight to the year. Festivities get underway at 10 a.m.

## Scratch Singles Scores

Arky's Annual Scratch Singles Classic got off to a fine start at Triangle Center in Belle Glade this past week-end with 127 entries, which included a full squad from Port Myers that started the ball rolling 8:00 p.m. Friday.

Two winners in the 109 & under division bowled Shirley Everly (N. Ft. Myers) scored 885 & Cookie Voecker of Tampa totaled 784.

Weekly High Game Scores for:

Regular Division:  
1. Wayne Graham 1051 Miami  
2. Tim Kull 1041 Ft. Lauderdale  
3. Don Kelly 1040 N. Ft. Myers  
4. Buddy Little 1033 Belle Glade

188-194  
1. Don Kelly 1040 N. Ft. Myers  
2. Ron Cloud 1029 Tampa  
3. Dave Paden 1002 Naples

190-197  
1. Ken Crawford 1028 Belle Glade  
2. Roger Dunaway 1027 Belle Glade

## Gar Equals Good Eatin'

Long nose garfish are ugly, primitive creatures with fin-like scales. While the garfish look complete with other fishes for room and food, their lack of speed is a factor that limits their diet to injured fish or prey that is slower than the

gar. Live healthy shiners can easily outmaneuver a gar, but look "fat" some times as a fishing line and it becomes ready bait for the first gar to enter the area. A hooked gar will make strong runs and will jump quite frequently. While not as much fun as a big bass, the garfish will provide fun and excitement when nothing better is biting.

Several fishery facts that have been overlooked in the past are now becoming common knowledge among anglers. Garfish scales are in demand for costume jewelry and other ornaments, and their eggs make excellent bait for bluegill and other panfish.

To remove the garfish lure, shin the fish until the back is exposed. Remove the two strips of flesh and cut them up in scaly size chunks and deep fry. Try it, you will like it.

## Al Aces One

Glades Central High School head football and golfing coach Al Werneke said this week he made the first hole-in-one of his career Saturday while playing at Mayasco Lakes in West Palm Beach.

Werneke said his ace came on the 7th hole, a 166-yard, par 3 effort he made with his driver.

He said he was playing with club member Richard McEwin in the Mayasco Lakes Golf Membership Tournament. He said Ralph Warren and Jay Sparasie rounded out the foursome.

# Maroons Win Intra-Raider Tilt

The Maroon team under the leadership of honorary coach Dean Jones blanked the Gold team led by Glenn Loney 14-0 in the annual Spring scrimmage.

The aggressive Maroon team defense and the hard running of Alexander Brown, who scored two touchdowns, and Howard Moses, who churned up 138 yards between them was too much for the Gold team.

Coaches Johnny Davis and Jay Seider had their defenses set to stop the running and passing of Rigo Ruiz and on three different occasions they held for downs inside the 15 yard line.

The Gold team was led by Rigo Ruiz who completed 7 out of 17 passes for 97 yards. Rigo also rushed for 38 yards in 7 carries.

The Gold team marched down to the Maroon 17 yard line in the first quarter but Charles Small intercepted the first of two passes of the day to break up that threat.

Early in the second quarter, after recovering a Gold fumble, the Maroon team marched 43 yards in 4 plays to score. Alexander Brown took a pitch-out from Johnny Rutledge on the 37 yard line and raced in for the touchdowns.

Dave Kinsla's try for point was low and the Maroon team led 6-0.

Just before the half, after Charles Small had intercepted his second pass, the Maroon team worked the ball to a first and ten on the Gold 11 yard line. Alexander Brown swept around left end for the score and Howard Moses broke over left guard for the two-point conversion and the Maroon team led 14-0.

Coach Bill Denny and Dave Campbell's team drove inside the Maroon team's 15 yard line twice but the aggressive Maroon defense led by David Jones, Dicky Sweet, Michael Washington, Clark Lloyd and Willie Terry slammed the door shut to preserve the victory.

The Gold team had its own defensive stars with middle linebacker Calvin Willis making 12 tackles. Followed by Ernest Jackson with 6 tackles and Mike Pringle and Cornelius with 5 each.

The Maroon defense was led by Dicky Sweet with eight tackles, David Jones with 7, Willie Terry and David Kinsla with 5 and Randall Colie and Clark Lloyd with 4 each. Anthony Parrish, Michael

Washington and Charles Anderson were outstanding in the secondary.

Besides quarterback Rigo Ruiz, Norman Smith rushed for 28 yards in 5 carries and Eli Martin rushed for 25 yards in 6 carries for the Gold. Michael

Pringle and Cornelius caught 5 passes between them for the Gold.

Observing from the press box, Coach Al Werneke felt the Raiders have gained quite a bit of knowledge and experience during the past three weeks.

The Raiders will finish up practice Wednesday afternoon.

In the 15 minute junior varsity quarter Coach McDonnell's Gold offensive team edged Coach Foster's Maroon defensive team 16-15 on the first down with three seconds

to go in the period.

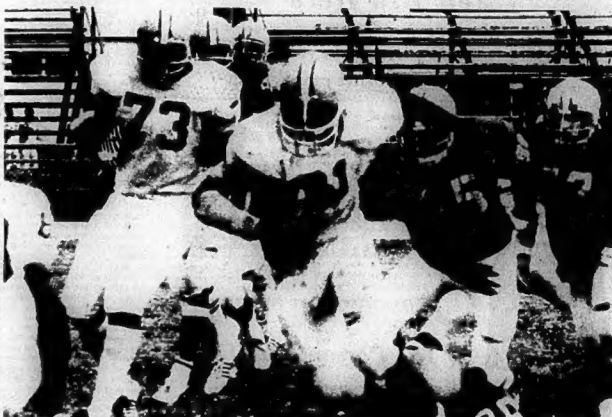

In the junior varsity quarter, the defense was awarded 2 points if they stopped the Gold team from making a first down, 3 points for recovering a fumble and 3 points for intercepting a pass.

The offensive was awarded 2 points for a first down and 6 points for a touchdown.

The Gold team did not score but they had 8 first downs during the quarter and they had the ball on the four yard line at the end of the game.

Although lacking the experience of previous years, the young Raiders look like they have the ability to become a strong football team next year. Quarterback James Davis looked good running the team and Ken Henderson and Willie Monroe looked good running the football.

## Wedding Plans Told

The Rev. and Mrs. Simeon R. Martin Sr. of 1424 N.W. Ave. G announced this week the engagement of their daughter, Mary Patricia, to Jimmy Dale Brooks, son of Mr. and Mrs. J. D. Brooks of 1428 N.W. Ave. G.

The bride-elect is a 1973 graduate of Glades Central High School and is now employed with R. H. Hensley Chemical Co.

The couple plans to be wed at 7:30 p.m. June 29 at Chosen Missionary Baptist Church, where the bride's father is pastor.

The groom-elect is a 1968 graduate of Belle Glade High School and is now employed with R. H. Hensley Chemical Co.

The couple plans to be wed at 7:30 p.m. June 29 at Chosen Missionary Baptist Church, where the bride's father is pastor.

## Dinner for President Planned

Modernistic Cosmetology Club Unit number 26 of Belle Glade is planning a dinner in honor of their president, Mrs. Eddie Verreen to commemorate their victory at the Orange Blossom Cosmetologist Association competition held in Tampa May 19.

Mrs. Willie James Potter was the first place trophy in fantasy hairstyling and Mrs. Flora Hicks won second place in the same category. Their models were unit 26 member Mrs. Loween Viers and Mrs. Ruth McDuckes of Clearwater.

Mrs. Vickers was appointed by the state president, Dr. C. R. Ross, to work as a junior trustee. She also served on the education committee and was one of the hostesses at the Oratorical contest Monday night.

Mrs. Hicks worked on the first aid committee and Mrs. Potter was elected chairman of the bronze statue of Dr. Ross over the Belle Glade area. She also worked on the public relations committee.

Mrs. Verreen, the local president, worked on the legislative committee. The dinner is scheduled to be held June 2 at the home of the president.

## Installation Held Friday

The City Association of Women's Clubs of Belle Glade held their installation ceremony Friday night, May 31, at the home of President Willie Mae White.

Attorney Thomas Montgomerie installed the newly elected officers for the 1974-75 year.

President Willie Mae White was welcomed by the membership to be the club's delegate at the Annual State Convention of the Florida Association of Women's Clubs to be held at the Holiday Inn in Fort Pierce June 15-19.

Officers for the new year are Mrs. Willie Mae White, president; Mrs. Gloria Tharville, vice-president; Mrs. D. C. R. Ross, secretary; Mrs. Margaret Ponder, chaplain; Mrs. Victoria Ponder, treasurer; Mrs. Dorothy Glaze, financial secretary; Mrs. Ida M. White, membership secretary; Mrs. Fannie Harrell, historian; Mrs. Gladys Turner, Parliamentarian; Mrs. Eva R. Rowe, membership drive chairman and Mrs. Effie Grant, treasurer.

Members not attending O.B.C.A. are Mrs. Shirley Morris, Mrs. Ida Brown and Miss Freddie R. Howard.

The club's next meeting will be held Sunday, June 9 at the home of Mrs. Ida Brown in South Bay. The president is asking all members to be present.

DEBORAH "DEBBIE" COX TELLS OF PLANS ...to marry Charles Wiseman of Bryant, in Pahokee.

## Cox, Wiseman to Wed

Mrs. and Mrs. Lloyd Cox of 1417 N.W. Ave. F, place announced this week the engagement of their daughter, Deborah L. "Debbie", to Charles Wiseman of Bryant.

Wiseman is the son of Earl R. Wiseman of Bryant and Mrs. Agnes Johns of Green acres.

The bride-elect was graduated from Glades Central High School and is attending Palm Beach Junior College evening classes. She is also employed as a receptionist at A. Duda and Sons, Inc.

Wiseman attended Pahokee High School and is now employed at Mims Welding in Pahokee.

The bride-elect was graduated from Glades Central High School and is attending Palm Beach Junior College evening classes. She is also employed as a receptionist at A. Duda and Sons, Inc.

Mixing was unknown in the New World prior to the 16th century.

### MANAGER TRAINEE BELLE GLADE LOCATION

Recipe for success - basic ingredients

1. The ability and intelligence to maximize your potential.
2. The dedication and attitude required to demonstrate your ability through hard work.
3. The aggressiveness to pursue your career objectives on a long-term basis.
4. A company that has position openings in the working environment that recognizes and rewards results.

Mix all these ingredients in our two-week training program, constantly adding large doses of experience and knowledge: The final product is "YOU".

Ready to grow with us? If you have the basic ingredients, please call COLLECT for an interview appointment, Director of Personnel Family Discount Stores, Inc. 305-688-9651. Ext. 22, 61 or 74.

BELLE GLADE CITY CLERK VERA JONES HELPS MISS GAIL MURRAY prepare for participation in Girls State in Tallahassee in June 14-21 program.

## She Is Becoming Politically Minded

A Belle Glade girl will be among girls from all over the state to participate in Girls State in Tallahassee June 14-21 as girls run for office on city, county and state levels.

Gail Murray, the 16-year-old daughter of Mr. and Mrs. Alton Western of 540 S. E. Fourth St., said she is now gathering information on the function of governments from city to state level as part of the program.

Sponsored by the American Legion auxiliary, the idea behind Girls State is to familiarize teenage girls with what local and state officials, elected and appointed, do for the public.

She said she had never been particularly interested in politics before the appointment but she is becoming interested in what is happening now. Belle Glade City Clerk Vera Jones was helping Miss Murray fill out a questionnaire this week which asked detailed questions about what city government does, the elected officials, the fire department, the police department and city finances.

Miss Murray said when she has filled out the city part of the questionnaire, she will go to the county to find out about county operations. While participating in Girls State, Miss Murray and the other girls, representing cities from all over the state, will be staying at Florida State University.

# News From The Home Front

The Belle Glade Herald, Thursday, May 30, 1974 18

## GCHS Services Set For Sunday

Graduation activities will get under way at Glades Central High School Sunday at 4 in the school gymnasium.

The occasion will be the annual Baccalaureate program, at which time the Rev. Charles Robinson, pastor of Mt. Zion A.M.E. Church of Belle Glade, will address the graduating class.

Rev. Robinson is a native of Stuart. His religious education was received at Edward Waters College in Jacksonville, as well as the B. F. Lee Theological Seminary of Jacksonville.

During the time Rev. Robinson has served as a pastor in Belle Glade, he has been deeply involved in social, civic and religious work in the community. He serves on the nominating committee of the Pal. Glades Girl Scouts Council and is a Mason and a Knight of Phylas.

Rev. Robinson's subject for Baccalaureate will be, "The World's Greatest Graduating Class."

On Friday evening, June 7, the Glades Central High School Concert Band will present a pre-graduation concert at Memorial Stadium where the

THE REV. ROBINSON  
...to speak to senior class.

graduating class of 1974 will receive their diplomas.

The commencement professional will begin at 7:30 p.m.

Speakers this year will be: valedictorian, Joan E. Doster, salutatorian, Carolyn Ford, and Student Council President, Ibrahim Alava. The public is invited to attend.

## New Student Officers Chosen

The Glades Central High School student body elected Tuesday a new slate of officers to head student government for the 1974-75 year. Four new student council officers were chosen from a slate of nine candidates as Sanjena Clay was chosen president, Patrick Kirchman was named vice

president, Terrilyn White became the new secretary and Cecelia Amos was chosen treasurer. Pictured above are (from left) Cecelia Amos, Sanjena Clay, Linda Brown, Sam Manning, Floyd Brown, Darlene Lundy, Terrilyn White and Charlene Carroll. Kirchman is now pictured and the others are candidates who lost.

## USDL Calls For \$2.55 per Hour For Cane Cutters

A U. S. Department of Labor official recommended last week during an annual U. S. Department of Agriculture wage and price hearing for the sugar industry that cane cutter wages be increased 50 per cent over the next three years.

USDA Division of Manpower Deputy Director David O. Williams told the USDA officials holding the hearing that cane cutter wages are well below the \$3.30 per hour average piece-rate wage paid agricultural workers throughout the state.

Williams and an assistant said they felt the wages should be brought up to the level of all piece-rate wages over a three-year period to avoid "dislocating" the sugar industry.

He suggested the USDA begin the increase by awarding cutters \$2.55 per hour minimum wages for the 1974-75 sugar harvesting season rather than the \$2.35 per hour recommended by sugar industry officials.

Williams said USDA regulations state that in order to import foreign workers, employers must offer and pay the higher of either prevailing wage rates or a rate determined by the department of labor to avoid rates adverse to domestic workers.

"We believe domestic workers will not work for the wages presently offered," Williams said, noting the citrus industry, which once used foreign workers for harvesting, has for the past several years used all-domestic labor.

He said the citrus industry pays an average piece-rate wage of approximately \$4 per hour.

Several persons claiming to speak for farm workers, both domestic and foreign, also asked for large wage increases, but most asked for \$4.50 per hour, based largely on current high prices on the sugar market.

Florida Rural Legal Services attorney William Bots 111, who said he represented "all" the British West Indies sugar cane cutters and all domestic agricultural workers employed by the sugar industry, said much data used to determine

wages is confidential. He also said three of five statutory elements used to determine the wages are based on obsolete data taken from a 1969 survey done by the USDA.

He urged the USDA officials to integrate the five statutory elements, to initiate another survey to update its data and to make the data public before the next hearing.

He also asked that the board refuse to hear testimony from any of three sugar companies, 2500 and 2501, as a result of an investigation last November by the U. S. Department of Labor.

Citing various reasons, Bots also recommended immediate pay increases for cane cutters from their present \$2.15 per hour to \$2.40, \$2.70, to \$4.50 and a general increase tied to the increase of the price of sugar.

Dr. Marshall Barry, an associate professor of economics at New College in Sarasota, recommended a \$4.50 per hour minimum based on a 1973 comment he said Sugar Cane Growers Cooperative of Florida President George Wedgworth made.

Barry said Wedgworth said he doubted if domestic workers would cut cane for double wages paid BWI cutters and suggested the USDA officials should see if Wedgworth's statement is true.

Henry Pelet, who said he represented the sugar workers in Louisiana, said the industry deserves to exist if it can't pay decent wages to employees.

He said current high prices justify a wage increase to \$4.50 an hour for cutters, with further increases tied to possible price increases.

But while Pelet said wages should be tied to increasing prices, he would only answer, "We would have to consider it at that time," to a question of whether wages should also decrease as prices decreased.

Joseph Segor, executive director of Migrant Services Corp. in Homestead, also advocated the \$4.50 per hour minimum wage and also urged a monitoring system be set up to insure proper timekeeping practices.

U. S. Sugar Corp. vice president and personnel manager Fred Sikes, during his presentation in the industry endorsed Segor's monitoring system proposal before recommending a 15 cents-per-hour increase for all agricultural workers.

The industry proposal would bring cutters' wages to \$2.35 per hour and other workers' wages to \$2.70 per hour. Sikes also recommended no new categories be set up for mechanical harvester operators.

In the fair price portion of the hearing, Walter N. Colbath, Jr., an attorney representing the Glades Association of Sugar Cane Growers, Inc. protested the holding of the fair price hearing.

Colbath said the association's protest was based on a current investigation by the USDA Office of Investigation concerning the relationship of the association members and Ocala Farms, which processes their cane.

He said the investigation touches virtually every facet of fair price determination and said he feels the hearing should have been postponed until the investigation is completed.

He also said the 55-days of notice given by the USDA is insufficient because association members still haven't received final cost figures for the 1973-74 crop and have had no time to recommend any intelligent changes.

## Disney World. Here We Come

The 210 seniors of the 1974 Glades Central graduating class will be among 44,000 seniors from more than 200 high schools throughout the state to take part in grad week at Walt Disney World.

The Belle Glade students will also be joined at the annual party thrown for thousands of seniors by the tourist attraction by seniors from five schools in Georgia and Wisconsin.

The parties, scheduled for May 31, June 1 and June 7 will begin at 11 p.m. and last until 5 a.m. The grade, their dates and chaperones have exclusive use of the Magic Kingdom during party hours.

Glades Central grads will be among the all-night parties to be hosted by the attraction June 1.

Other schools in the area set for that night are Dabeco School and John Leonard of Lake Worth, Jupiter High School of Jupiter and North Shore and Sunset East of West Palm Beach.

Appearing at the party will be recording artists the Stylistics, Kool and the Gang, Liberation and Cannon Road. The grads will have unlimited use of Magic Kingdom attractions except for the shooting gallery.

The Grad Nite parties are organized by the senior class of each participating school in cooperation with the Walt Disney World Grad Nite office. This is the third participating year for Glades Central.

In 1973, 22,000 students attended a single all-night party. Its success prompted the addition of two extra parties for 1974 with a maximum of 18,000 students each night to insure their full enjoyment of the park.

In addition to admission to the Magic Kingdom and unlimited use of all attractions, the graduates will receive individual souvenir photographs and programs as well as the entertainment by well-known musical stars.

## Trophies for Strutters

The marching maids of Christian Day School received recognition last week when drill team sponsor Mrs. Rhita Cunningham handed out trophies for various age groups. Receiving awards were Tina Dean and

Vicki Shackelford (front row), Jennifer Stacy, Sara Noel Lumpkin, Luby Blanchard, Shari Puller, Latine Harville (standing in for Jan Hancock, Mrs. Cunningham, Carmen Garcia, Leatrice Goforth and Lisa Lewis.

## Scouters Camping in June

Glades District Scouters will begin a busy month with Beaver Day on June 1 at Camp Tanah Keeta. District executive Earl Hartman asked all scouts to bring tools and willing hands to pitch in on the tasks needed to be done at each individual camp.

Beaver Day will be followed on June 7 with an Order of the Arrow Service Weekend at the same camp. All arrowmen are needed to help ready for opening of summer camp.

June 17-20 will feature District Cub Scout Day Camp. This is described as a summertime pack activity. Cub scouts will meet at Rardin Park on SR715 for crafts, games and field trips.

Each pack must provide one counselor is den leader or other adult each day to participate. Den and pack leaders have received full details. Den chiefs are also needed.

The District Committee Meeting will take place on June 23, with the time and place to be announced later. During the meeting, plans will be made for the fall round-up.

Hartman said round tables will not be held during June because of summer camp, but day camp and related activities.

There will be a scoutmaster troop leader camp orientation at Camp Tanah Keeta June 21. Adult and boy leaders who plan to be at summer camp should attend so they will be prepared to get the most from the week, according to Hartman.

A Webelos Dad-Led Overnighter will be held at Camp Tanah Keeta June 22 and 23. "Webelos scouts, leaders and dads," Hartman said, "will experience the great adventure of camping with the full facilities of Tanah Keeta. There will be a turtle hunt, boating, archery and much more."

June 23-29 will be the first week summer camp with troops 621, 622 and 623 attending. Troops 601 and 691 will combine with Troop 622 for this week.

The month will end on June 24 with a Council Officers and District Chairmen meeting.

July will be a short month compared to June, according to Hartman, beginning with the fourth week summer camp July 14-20. Troop 667 will be attending.

There will be a District Committee meeting July 18 and July 23-27 will be the fifth week of summer camp with

Troop 695 attending. July will wind up July 22 with a Council Executive Board Meeting.

with a Council Executive Board Meeting.

## Val and Sal

Glades Central High School 1974 Salutatorian Carolyn Ford and valedictorian Joan Doster are among the persons who will speak at the June 7 graduation exercises at Memorial Stadium. The two are shown above shortly after learning they were named val and sal.

### Insurance Corner

By Milton Carpenter

#### SMOKING, MATCHES AND FIRE

Smoking and matches are the primary causes of house fires which kill thousands of persons each year and result in millions of dollars of property losses. The first line of defense is to avoid these fire hazards in the home. Here are a few:

Use large, deep ashtrays, and never smoke in bed or in a chair when drowsy.  
Make sure matches, cigarettes, cigars, and pipe ashes are completely cold before throwing them out.

Never use a match or smoke near flammable liquids or in places such as attics or closets or near stacks of paper.

Be careful that burning cigar or cigarette and pipe embers do not fall into crevices of upholstered furniture where they can smolder without being detected.

Use safety matches and strike a match away from you. Remove one match from the box or folder at a time, and close it before striking.

This information has been brought to you as a public service by your insurance professionals—the insurance agency that cares—MILTON CARPENTER INSURANCE CO. INC., 141 S.E. Avenue O, Belle Glade, Phone 996-7211. Associates Thomas R. Runfolt and Paul Koraya.

Branch Office 129 N. Lake Ave., Pahokee, Dan Carpenter, associate.

#### LIBRARY NEWS

By Donna Ruth Librarian

A brand new edition to the Belle Glade Municipal Library's collection is the "McGray-Hill Dictionary of Arts." This is a five volume set. It is beautifully illustrated with pictures of the great art work of the world. The Belle Glade Civic Club gave this fantastic set of volumes to the library. The library board and also the community thank the club for its donation.

A piece of art work was taken from the art show that was held in the library during the month of April. It was a small picture printed on a piece of wood. If you have or know the whereabouts of this painting, please return it to the library. No questions will be asked. If nothing else drop it in the book drop.

Saturday, June 1, will be children's movie time at the Belle Glade Library. Admission is free and children of all ages are welcome.

Library hours are Monday noon to 9, Tuesday & Thursday 9 to 5, Friday & Saturday 9 to 6, and closed on Sunday.

HAPPY MAY!

Your donations are needed to help stock the resale store opening in the old Fabric Center building on Ave. A in downtown Belle Glade. Proceeds from the store will directly benefit the handicapped served at the Glades Habilitation Center (a branch of the Palm Beach Habilitation Center, Lake Worth) located in Osceola Center, Belle Glade. The center is open from 9 a.m. until 4 p.m. to accept your donations. If you need items picked up please call the center at:

**996-9094**

The Glades Habilitation Center offers an individualized program of evaluation, training, or extended employment to the handicapped 16 years of age or older. Additional information may be obtained by calling the center. We need your help to continue and expand this much needed center. Thank you. (all donations tax deductible)

NU KAPPA MEMBERS MARIA CARTER AND JUDY BROWNING GIVE \$500 check to Marjorie Dell, R.N. at Glades General for use in pediatrics.

## Class Night is Superlative

Thursday night was a night of superlatives as the 1974 Glades Central graduating seniors received awards during the school's annual Senior Class Night at the school gymnasium.

Walter Haslem and Sheila Johnson were named Mr. and Mrs. Senior to begin the senior superlative awards. Others

were Most Likely to Succeed, Donald Mann and Carolyn Ford, Friendliest, Clarence Brown and Joyce Meadows; Best Personality, Kenneth Slater and Tracy Harrell; Most Attractive, Jerry Clark and Renee Johnson; Most Talented, Donald Mann and Jessie Williams.

Ledlo Powell and Joan

Doster were named Most Intellectual, Daniel Brown and Sandra Howard had the Most School Spirit, Carl Verve and Juanita Clark were Most Attractive, the Best All Around were Donald Mann and Johnetta Rutledge and the Class Clowns were Herman Gains and Recurthe Williams.

Cash awards, prizes and scholarships also made the night pay off for a number of seniors as various groups and organizations recognized their efforts.

Elks Club Youth Activities Director Gary McLain awarded a \$50 savings bond to Lethenia Meadows for winning the Elk's Youth Leadership Contest and \$100 savings bonds to Ibrahim Alava and Joan Doster as the Elk's Teenagers of the Year. McLain also awarded a \$200 academic scholarship to John Ashley for his scholastic prowess and a \$200 art scholarship to Johnnie Pierce to further his art education. Four scholarships were awarded by U. S. Sugar Corp. to Ledlo Powell, Renee Johnson, Kathleen Caray and Walter Haslem.

The Elks Community Club presented a \$500 scholarship to Lethenia Meadows, a \$300 scholarship to Johnetta Rutledge and a \$200 scholarship to Kathleen Caray.

Citizens valedictorian Joan Doster received a one year subscription from Readers Digest and Delta Sigma Theta Sorority awarded a scholarship to salutatorian Carolyn Ford.

Zeta Phi Beta Sorority also awarded scholarships to Carolyn Ford and Sheila Johnson. Joining the Senior Hall of Fame were Ibrahim Alava, Gary Bowermeister, Joan Doster, Carolyn Ford, Walter Haslem, Donald Mann, Joyce Meadows, James Mims, Linda Moon, Ledlo Powell and Johnetta Rutledge.

Other awards presented were for the best students in various departments, citizenship, science, student council activities, county scholastic letters and for perfect attendance.

The seniors also presented a variety of awards to the class sponsors and other members of the faculty.

## Duncan, Stewart Wed

Betty J. Duncan and Robert J. Stewart were joined in marriage May 24 at the home of Mrs. Duncan's daughter, Mrs. Kenneth Upchurch.

The couple were wed by E. F. "Mac" McAllister, a notary public.

The reception was given in honor of the bride and groom by Mr. and Mrs. Johnnie Shirewood of Belle Glade at the bride's daughter's home.

The bride wore a blue and white dress with a blue veil and a rose bud corsage. The groom also wore blue and white.

The table was decorated

## Dorothy Averill

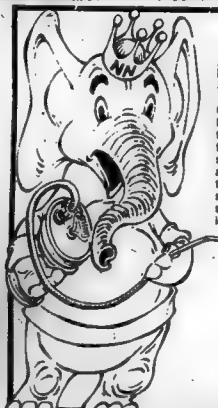

Dorothy Ellis Averill, daughter of Mr. and Mrs. Grant E. Averill of 615 S.E. Second St., was awarded a bachelor of arts degree with a major in social work during commencement exercises May 19 at Huntington College in Montgomery, Ala.

Miss Averill, a member of Huntington's 120th graduating class, listened with the other graduating seniors to commencement speaker Margaret Chase Smith, a former U.S. Senator from Maine.

## Mrs. Spooner Hosts Nu Kappa

The Nu Kappa Chapter of Beta Sigma Phi held its last meeting of the Sorority year at the home of Mrs. David Spooner.

The chapter elected to donate \$200 to the Pediatrics Ward at Glades General Hospital and \$25.00 to the Wes Care Facility in Belle Glade after closing their books.

Plans were made to have the May social at the home of Mrs. Wyan Jones on Friday, May 31. A June social was also planned. The chapter will tour the Glades Correctional Institution and have lunch there.

Mrs. Bobby Freeman announced that she and her husband were moving back to Tennessee so that they could both finish some college.

The program for the evening was presented by Mrs. Bonnie Peacock. She is teaching an Emergency Medical Technicians course to many interested citizens in the Glades area.

She discussed what the course consisted of and many asked about the Safety Squad that will be started in the Fall. Delicious homemade peach cobbler and cold drinks were served for refreshments by the hostess.

Those members present were: Mrs. Kirby Norman, Mrs. Bob Carter, Mrs. Wyan Jones, Mrs. Robert Davis, Mrs. Paul Prescott, Mrs. Richard Browning, Mrs. Tom Ruffelt, Mrs. Ed Roagione, Mrs. Buddy Wallichurst, Mrs. Bobby Freeman, and Mrs. David Spooner.

## More Vegetables Planned For '74

From all reports from seed companies and garden supply stores, the number of home gardens for fresh vegetables is on the upswing this year, primarily due to the costs of food and increased awareness of environmental considerations. I'm all for this. It may help head off a potential food shortage.

It is possible on a fairly small plot of ground to raise a plentiful supply of fresh vegetables—all summer long in North Florida and from early fall to early summer in South Florida.

Many people prefer to start their gardens from seed, starting some plants indoors

and the more hardy plants outside before the last frost. How you select seeds, however, can mean success or failure on your garden.

For this reason, it is important to read the labels on the seeds you buy with care, and to understand what they mean. The Florida Seed Act is designed to assist you in your selection.

For most seeds, the labels required by the act show the name of the kind and variety, the purity and the germination rate that can be expected. Additionally, our seed inspectors enforce the Federal Seed Act, reporting interstate violations of the law to federal authorities.

For seed of vegetables in less than one pound packages, only the kind and variety name need be listed if the seed meets certain germination standards set for that kind.

If the germination standard is not met, the federal law requires the words "Below Standard" to be on the label and the correct percentage listed.

Florida has a seed certification law, designed to insure that high quality seed will be sold to the public for a variety of plants. Certified seeds contain no noxious weed seeds and are required to have a high germination rate.

The germination percentage indicates the percentage of seeds that can be expected to sprout under favorable conditions. The higher the percentage, usually 80 per cent or more, means you'll need fewer seeds.

Certified seed are seed that are planted in approved locations and are harvested, tested and stored under the supervision of our seed inspectors.

Other label information may include the lot number of the seeds or the number of seeds in the package. This tells you whether the package will be sufficient to plant to meet your anticipated needs.

It is not a good practice to try to save seed from the garden for use the following year. Many of our seeds are hybrid, which will not breed true to type. I incidentally, hybrid seed must be labeled as such.

As you make your thoughtful selection of seeds for your garden, keep in mind this thought: vegetable gardening is the relaxing art and science of turning a love for growing plants into a productive activity.

Usher Sam Harris

Usher Sam Harris wants all cars to be safe after September 1, 1974 to have "passive restraint systems" which mean air cushions in the front seats. Detroit and world wide makers are fighting this plan. The argument is that the hardware isn't ready and won't be perfected by that time. Auto makers hope to get the regulation changed. Remember that driving a car is fun. You should treat it that way. Enjoying yourself is easier when driving when you know your car and what it can do. Also know your own abilities and never drive beyond them. Then relax, be alert, but enjoy driving. It's fun!

**Trip tip:** Get the most up to date and detailed maps you can of the area you'll be traveling before you leave. State by state maps are good, some Auto Club maps are excellent. Don't forget to write to state chamber of commerce's usually at the state capital, for free maps and tourist information. In some states write to the highway department. We expect vacation touring to be coming back!

We expected our service department to be busier when gas shortages were highest. This wasn't the case. Don't forget to have that buggy of your serviced and repaired regularly. It needs it even if you aren't driving quite so much. Stop by here and talk to us at JIM HERRING CHEVROLET OLDSMOBILE in Palmetto for tips in service.

If you ever have a car crash know what to do. First stop at or near the scene. Second help anyone who is hurt. Very few people will sue you for saving their life. Call an ambulance if one is needed. Just talking to an injured person is a big help, lets him know help is on the way. Call police if no one else has.

Be courteous in traffic, take turns at jam up places and merging lanes, treat every driver like Royalty. It

## GCI Men Complete Training

Four Glades Correctional Institution employees completed a 160-hour resident training program May 3 in Correctional Administration, Correctional Operations and Human Relations at the Correctional Training Institute in Raiford.

John Gordoski Jr., Donald M. Merritt, Kelmer Story and Daniel Thomas also received nine semester credits from Lake City Community College for completing Phase I of a two-phase program of training.

The second part of the program will be 180 hours of technical training at GCI which is conducted by regional instructors.

The training program is designed to upgrade capabilities and effectiveness of existing personnel and to train and qualify new needed manpower to achieve standards of treatment, control and habilitation.

## Congratulations Ms. Brown

A Belle Glade girl who has previously completed requirements for her bachelor of arts degree will formally receive her diploma during commencement exercises Saturday at LaGrange College.

Kathryn Ann Brown, daughter of Dr. and Mrs. Roy W. Brown of 808 N. E. First St., will be among the 153 seniors taking part in the college's 153rd annual commencement.

## EARLY BIRD SPECIAL!

Bring your car in to be serviced before 8:30 A.M. and receive a 10 percent discount off your bill.

## County Immunization Program Set

An immunization campaign has been mounted by the Palm Beach County Health Department and county physicians to help meet the legal requirements set by state law. Dr. James Howell, assistant director of the county health department, stated:

"We have set the objective of over 90 percent of children entering kindergarten at first grade to be fully immunized

against whooping cough, diphtheria, tetanus, polio, rubella (German measles) and mumps (hard measles)," he said. "Then the health official warned 'Several of these diseases are potential killers. German measles can lead to congenital deformities (babies being born with physical defects) if contracted by a mother to be during pregnancy. This means that

pregnant mother-to-be can catch German measles from a child and her unborn child may be born deformed.' He added that school absenteeism can be greatly decreased by immunization. Dr. Howell said that in the school year 1973-74 over 80 percent of the children entering Palm Beach County schools were fully immunized.

"That means," he stressed, "that 20 percent were not fully protected from these preventable diseases and suffering." Alternative certificates are available from the private physician or health department for persons who object to immunization for religious reasons.

## Omicron Iota Elects Officers For 1974

The Omicron Iota Chapter of Beta Sigma Phi Sorority elected officers for the 1974-75 in recent installation ceremony at the home of Mrs. Dudley Barnes.

Mr. Charles Schiele was elected president for the coming year. Mrs. Schiele has served as vice president and social chairman in past years and she was voted the 1974 Girl of the Year for outstanding service to the chapter.

Other officers include Mrs. Wayne Boynton, vice-president; Mrs. Frank Teets, recording secretary; Mrs. Dudley Barnes, corresponding secretary; Mrs. Tom Ziller, treasurer; Mrs. Bill Mills, executive officer and Mrs. Billy Rogers, sponsor.

The tabernacle was made by Mrs. Tom Ziller. It is an original design depicting the Beta Sigma Phi theme for each year since Omicron Iota was chartered.

Mrs. Rogers was presented yellow roses when installed as sponsor. Mrs. Schiele received the president's gavel to which a yellow rose was attached. Mrs. Michael Wilson was welcomed into membership.

Each year, Beta Sigma Phi members receive from the president of the International Executive Council a theme for the coming year.

By using this theme, Mrs. Schiele introduced the committee chairman. "As each part of a stairway is important," she said, "so every chairman is vital to the climb to a successful year."

"She said she feels happiness can be reached as a Beta Sigma Phi through friendship, community service and the development of cultural appreciation.

## Army Couple Wed

## Glades Central Seniors

The Belle Glade Herald provided questionnaires for the seniors to fill out at Glades Day School and Christina Day School. We were informed by officials at Glades Central, however, that the questionnaires contained requests for information they were not allowed to ask the seniors. Therefore there are no individual writings on the Glades Central seniors, only their names.

# BRAVO GRADS

This fauface is for you!  
The diploma you've earned  
has made us very proud.  
You're truly deserving of  
all our best wishes and high  
hopes for happiness.

Comet Cleaners

# GRADS

YOU RATE  
WITH US!

In our eyes you're the  
greatest! That diploma  
took a lot of hard work  
and merits your pride.  
The outlook's bright,  
prospects plenty for  
people just like you.

Graduation puts you on the road to higher achievement. Good luck to you.

## Glades Central Seniors

So. You've done it at last! And we're here to give three hearty cheers for all the hard work and perseverance . . . that made those diplomas possible. We're proud of you and we want you to know it. We wish you the best things life has to offer: good health, happiness, dreams come true. Now it's a new beginning. Good luck!
